Implementation Partner Analysis

Collaborators/Partners /Allies/leadership	**Impact and Influence** *Describe how the partner's role in the setting (or facility) has impact and influence on project implementation*	**What outcomes are important to this partner?** *What*	**How will/could this partner support this project?**	**How will/could this partner block the project?**	**Strategy(s) for engagement and communication**
Ex: CLC MD Director	Set priorities for CLC QI projects; Delegate MD/ARNP tasks and roles; influence agenda for interprofessional meetings	Length of stay; SAIL metrics; Survey results; Staff retention;	Identify implementation champions; identify supervisors for other CLC clinicians; enthusiasm for Age-Friendly	Refuse to assist with connecting us to clinicians/supervisors; not supportive of additional layers of documentation	Show how PPC may address concerns or outcomes important to MD Director; show PPC outcomes related to staff testimonials, reduced unwanted care and other published data; Alignment between PPC and Age-Friendly

Adapted from Leading Healthcare Improvement Stakeholder Matrix

Program: (name) Logic Model
Situation:

Inputs	Outputs		Outcomes -- Impact		
	Activities	*Participation*	*Short*	*Medium*	*Long*
Things we invest *Ex: CLC staff time* *Ex: Electronic medical record tools*	*What we do* *Ex: Complete TMS modules*	*Who we reach* *Ex: Names of staff for training* - *SW* - *PT* - *ARNP*	*Results in terms of Step 1 of PPC (Identification of health priorities)* *Ex: Number of encounters* *Quality of encounters (how complete)*	*Results in terms of Step 2 of PPC (Alignment of Care)* *Ex: Examples of integration/documentation in care plan notes*	*Results in terms of impact on staff and/or Veterans* *Ex: Staff feedback* *Ex: Veteran Feedback*

Assumptions	External Factors

Evaluation Question	**Indicators**	**Data Sources/ Methods**
Ex: How long is the 'health priorities identification' process for new admissions in CLC?	*Ex: Ave time for PPC-trained clinician to have a priorities identification conversation* *Ave time to document health priorities (using template)* *Number of visits where a pre-visit health priorities worksheet was used (to see if possible time saver)*	*Ex: PPC documentation (place time at end of note)* *PPC clinician times self and documents in a spreadsheet* *Documentation if/when pre-visit worksheet was incorporated as part of visit*
